

INDIA PAVILION AT JIMEX 2018

AMMAN, JORDAN (9 - 12 APRIL 2018)

EEPC India invites participation

Participate through EEPC India to enjoy
substantial savings!

About the exhibition

The biggest Electrical and Mechanical Machinery Exhibition - JIMEX is considered as most important industrial, engineering & trading platform targeting markets of Near East Countries covering important infrastructure sectors, all industries, energy, electricity, automation, water, contracting and consultancy. The 15th JIMEX 2018 under the Patronage of His Excellency the Prime Minister, with the official support of Jordan Engineers Association (JEA) is the most effective trade show in the region.

200 Exhibitors from China, Taiwan, Germany, Italy, Portugal, Greece, Turkey, Morocco, Saudi Arabia, UAE, Egypt, and Jordan participated in JIMEX 2017 representing more than 500 global trade marks. More than 8500 trade visitors had attended the event from Gulf Countries, Europe, Turkey, India, China, Iraq, Syria, Lebanon, Egypt, Palestine and Jordan.

Amman is the gateway to nearby markets like Syria, Iraq, Palestine and others because of Jordan's strategic location, open relationships with neighboring countries and business friendly laws for foreign investors. According to the Heritage Foundation's Index of Economic Freedom, Jordan has the third freest economy in the Middle East and North Africa, behind only Bahrain and Qatar, and the 32nd freest in the world. Jordan ranked as having the 35th best infrastructure in the world, according to the World Economic Forum's Index of Economic Competitiveness. The Kingdom scored higher than many of its peers in the Persian Gulf and Europe like Kuwait, Israel and Ireland.

The growth is evident from the fact that India's engineering exports to Jordan is increasing every year and India's share in Jordan's total engineering imports has also gone up to 6.4 %. This shows Jordan as a very promising market for Indian engineering products.

Economic scenario in Jordan

Jordan has showcased its ability to remain resilient, maintain internal cohesion, and reinvent itself in the face of adversity. Jordan's economy is expected to pick-up marginally to 2.3% growth in 2017; a slightly higher uptick is forecasted in the medium-term to average 2.6% over 2017-2019. The impact of reforms related to stimulating private-sector investments (such as through improving predictability of regulations, improving access to finance for small and medium enterprises, and trade facilitation) and higher exports due to the European Union's relaxation of Rules of Origin should kick-in, and sectors such as tourism and construction are expected to improve.

In August 2016, Jordan and the IMF agreed to a USD 723 million in order to lower Jordan's debt levels and fiscal imbalance. Jordan's top five contributing sectors to GDP are Government services, finance, manufacturing, transport, and tourism & hospitality respectively. Doing business in Jordan is becoming easier; the country recognizes the importance of enhancing its doing business eco-system, cutting the red-tape and bureaucracy, upgrading its economic legislation framework, and streamlining

its economic judicial transactions. Jordan is moving away from seeing ICT as an isolated sector and towards digitizing the entire Jordanian economy with emphasis on niche markets and global value chains.

India Jordan trade ties

India and Jordan discussed ways to increase cooperation in diverse areas like customs taxation and visa to promote trade and investments between the two countries in July 2017. The discussions were held during the 10th India-Jordan Trade and

Economic Joint Committee (TEJC) meeting held in New Delhi. A revised economic and trade cooperation agreement was signed. The Agreement is aimed at boosting and diversifying bilateral trade relations, in addition to promoting economic, trade and investment cooperation based on the principle of equity, non-discrimination. Discussions were also held on ways to increase ties in sectors like maritime, air and rail transport, renewable energy, smart grid development, IT, higher education and vocational training. The two-way trade between the countries stood at \$1.3 billion in 2016-17.

Product profiles

MACHINERY

Industrial Machines

- Industrial Machines
- Food Machinery
- Production Lines
- Wood Working Machines
- Construction Heavy Machines
- Compressors, Fans & Blowers
- Turning Machines (Lathes)
- Sawing and Cutting Machines
- Screwing and Threading Machines
- Packaging Machines
- Welding and Gas Cutting Machines
- Cutting and Forming Tools
- Plain Bearings & Anti-friction Bearings
- Hydraulic and Pneumatic Systems
- Conveyor Belts & Transportation Machine
- Cranes Forklifts and Lifting Machines
- Storage Systems
- Lifts & Escalators
- Stores & Metal Construction Systems
- Tools and Industrial Supplies.

Mining

- All Drilling Machines Tools for Mining
- Drilling, Boring, Milling and Grinding Machines

HVAC & Refrigeration

- Air-conditioning systems
- Pumps, Fans, Boilers and Radiators
- Chillers and Central Air- conditioning
- Industrial Refrigeration, Refrigeration Rooms
- Solar Heaters

Water & Gas Technologies

- Water Treatment Systems

- Valves and Flow meters
- Control systems for pumps
- (BMS) Building Management Systems
- Gas Technology and applications
- Filters, Fans and instrumentation

Fire Fighting & Safety Systems

- Safety Equipment and Systems
- Fire Fighting Systems
- Pumps and fire protection.
- Tools and safety equipment

ELECTRICITY

Automation and Installation

- Distribution & Control-gear
- Installation Technique and Equipment
- Programmable Logical Controllers (PLC)
- Protection Equipment and Systems
- Control, Motion, Drive and Automation
- Instrumentation & Metering
- Power, Communication & Control Cables
- Lighting and LED Lighting.
- Automation for Storage & Transportation
- Fire Alarm Systems
- Electrical & Mechanical Training Equipment
- Traffic Light Systems

Energy & Electrical Machines

- High, Medium & Low Voltage Switchgear
- Transformers, Generators & Motors
- UPS Systems
- Computers & Software for Machines and Industries
- Variable Speed Drives
- Scada and Industrial Software
- Other products related to above sectors.

Security & Monitoring Systems

- Cameras and Monitoring Systems
- Security Equipment and Systems
- Engineering Software and Books
- Training and Lab Equipment

Solar & Renewable Energy Show and Forum

- PV Solar Systems

- Solar Heating & Cooling
- Wind Generation and Smart Grid
- Energy Production Utilizing Renewable & Future Primary Energy Sources
- Rehabilitation of Power Generation Units
- Energy Saving Management
- Energy Efficient HVAC & R

Venue

Halls of Amman International Motors Show Center (AIMS)
Near Ministry of Foreign Affairs (on the way to Amman
International Airport) Amman, Jordan

Date

9 – 12 April 2018
Daily from 4pm to 10pm

Participation Charges

9 sqm one side open built up
booth @ Rs. 12,000/- per sqm

10% extra for two side open
booths (subject to availability)

The above participation
charges will also include the
following

1. 5 nights of hotel stay for one person per exhibiting company (to be allotted on first-cum-first-served basis)
2. Daily transfer from hotel to exhibition venue and back.

Mode of payment

Full payment is to be made by:

- Demand draft favouring "EEPC INDIA" along with the duly filled out Application Form **OR**
- Pay through RTGS/NEFT in INR as per the following details:

Name of Bank : HDFC BANK LTD.
Branch : CENTRAL PLAZA
Address of Bank : 2/6, SARAT BOSE ROAD, KOLKATA – 700 020
Account No. : 00142090000452
Account Name : EEPC INDIA
NEFT Code : HDFC0000014

You can also make payment online through the following Payment Gateways:

1. Atom;
2. Billdesk

Benefit to member-exporters

EEPC India is organizing this event under the MAI Scheme of the Ministry of Commerce & Industry, Government of India. The rates mentioned above are highly subsidized in comparison with the normal rates offered by the Fair Authorities.

Booth display

Participation charges for a 9 sqm. booth includes the following services

- Information Counter/ Lockable Cabinet
- Three Chairs
- One Round table
- Three Spot Lights
- One Electric Socket
- Carpeted Floor
- Waste Bin
- Fascia

Selection criteria

Since limited space is available, selection of participation will be done strictly on first-come, first-served basis.

Submission of application

Interested firms are requested to fill in the online Application Form latest by 16th February 2018 at the following link.

https://app.eepcindia.org/ems/exhibitors/exhibitor_application_form/NzM

Please go through the "Mode of Payment" section for payment details.

Cancellation of participation

Request for cancellation of participation will be accepted if EEPC India receives the same in writing on or before 21st February 2018. EEPC India shall not entertain any cancellation afterwards. Any cancellation after the due date shall result in forfeiture of the amount already paid on this account.
